

Title: Harassment In The Workplace

Harassment of employees and students will not be tolerated in the District. This policy applies to, but is not limited to conduct in District facilities, on premises and other District property including vehicles. This policy also includes those times when the employee or student is at any District sponsored, approved or related activity or function, such as a field trip or athletic event where students are under the control of the District or where the employee is engaged in school business.

Harassment prohibited by the District includes, but is not limited to, discriminatory harassment based on race, color, national origin, sex, disability, religion, creed, age, marital status, sexual orientation, gender identity and socioeconomic status.

Harassment by Board members and officers, employees, volunteers, students, parents/guardians, vendors and others doing business with the District is prohibited. Employees and students whose behavior is alleged to be in violation of this policy will be subject to an investigation. If allegations of harassment are founded, the employee or student may be subject to discipline, up to and including, discharge or expulsion, or other appropriate action. Other individuals whose behavior is alleged to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the Superintendent or Board.

The District has separate procedures for reports or complaints of sexual harassment covered by Title IX of the Education Amendments Act of 1972. These procedures are available on the District's website. A physical copy of these materials may be obtained from the Human Resources Department at the Educational Service Center. For reports or complaints of sexual harassment outside of the District's Title IX jurisdiction, the District may follow any other applicable policy or procedure to respond to such a report or complaint.

Types of harassment may include, but not be limited to, comments, jokes, stories, pictures or objects that are offensive, tend to alarm, annoy, abuse or demean certain protected individuals and groups. Such behavior is considered harassment when it has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment, or it results in an adverse employment decision.
